Introductions

The minutes from the November 7, 2011, meeting were approved.

Continued discussion on proposed contraflow lanes on Dudley, Green, and Park Streets

1) Dudley Street discussion - Snow
   - Ms. Snow read a letter from Ms. Mary Comstock, a resident of Dudley Street, raising concerns that bicyclists using the proposed contraflow lane would not be visible to drivers at the blind curve on Dudley Street.
   - The BAC recommended to the Transportation Board that staff verify the street width at that curve and the sight lines.
   - After discussion, the Committee agreed that there was still need for the contraflow lane on Dudley Way. Staff may want to verify that there is enough storage room for cars making turns onto Lee Street.
   - The Committee will recommend to the Transportation Board that a northbound bike lane be included on the section of Walnut Street between Dudley and Warren.

2) Park Street discussion - Vitolo
   - Ms. Snow read a letter from Ms. Alix Diana, a resident of Park Street, expressing reservations about a contraflow lane on Park Street.
   - The Committee will recommend that the Transportation Board proceed with the contraflow lane as shown on the staff plan.

3) Green Street discussion - Dippel
   - Ms. Snow read a letter from Mr. David Greenberg, a resident of Green Street, expressing concerns about the behaviors of some bicyclists and lax police enforcement.
   - The Committee recommended the plan as proposed (contraflow on both blocks of Green Street). If that is unacceptable to the Transportation Board then an alternative would be to have a contraflow lane between Harvard and John Streets and restore two-way vehicular traffic on Green between John and Dwight Streets.

Bike Parade - Dempsey
   - Sunday, May 20, 2012 (5th annual)
   - Has to be approved by the Transportation Board.
   - Brookline Bank is contributing $1000 for the parade.
   - Mr. Dempsey hired a graphic artist to update publicity and advertising.

Green Routes Plan - Snow
Mr. Vitolo made several suggestions for revisions:
1) Don’t push the proposed Greenough Street cycle track until the area in front of the High School is renovated.
2) A bike box on Longwood Avenue at the intersection with Harvard Street would unacceptably restrict motorist visibility.
3) In contraflow situations, sharrows should be painted on the motor vehicle travel lane where they are useful and feasible.
4) Rewrite the River Road/Muddy River Path section.
5) The Route 9 cycle track proposal (High street to Pond Street) is a big issue/hot topic.

Maps for Green Routes Plan
- Discussion about the best platform to use: KML or Google?
- Discussion about the three levels of work that should be shown on one map: existing, funded, future.
- Mr. Heinemann will send a map to Ms. Snow that is formatted so she can to mark it up.
- Mr. Heinemann and Ms. Snow will work on an updated map.

Other Business

- Meeting dates were set for September 10, October 1, November 5, and December 3, 2012.
